**Re: Revised Monoesters Category Test Plan for Aliphatic Esters Panel,
HPV Consortium**

RECEIVED
OPPT/CRIC
03 DEC -2 PM 1:38

Dear Administrator Leavitt:

The American Chemistry Council's Aliphatic Esters Panel (Panel) is pleased to submit for review the revised Monoesters Category Test Plan. This plan incorporates suggestions made during the public comment process for the Panel's original Category Test Plan, which was submitted on December 20, 2001.

The Panel carefully considered comments on the original Category Test Plan and, as a result, decided to develop five separate Category Test Plans. Additional information is available in the Panel's November 14, 2003, letter to EPA.

Please return comments or questions regarding this Test Plan to John Morris, the Aliphatic Esters Panel Manager, at john_morris@americanchemistry.com or (703) 741-5631.

Sincerely yours,
